PLANS FOR AN AVIATION SCHOOL HERE

MANAGER OF THE CLARENDON PLANNING FOR EXHIBITIONS

**FAMOUS DAYTONA BEACH
WOULD FURNISH BEST PLACE
IN COUNTRY FOR A SCHOOL
FOR AVIATORS.**

That Manager W. S. Kenney of the Hotel Clarendon, is perfecting plans for a winter aviation school at Daytona beach this season, is shown by the following clipping taken from a New York paper of recent date:

"Daytona Beach, Fla., has been selected as a site for the new winter aviation school by William S. Kenney, manager of the Hotel Clarendon there, who has acted in this project in co-operation with aviation promoters.

"That Daytona Beach is an admirable aviation field was discovered last year by J. A. D. McCurdy while practicing for his flight from Key West to Cuba. He gave daily exhibitions for residents of the resort and it was announced by him highly satisfactory and especially safe.

"Being of hard sand, with no obstruction of any kind in the form of vegetation, the beach is ideal for starting and alighting. It stretches for 30 miles and in places is a mile wide. This feature makes it especially practicable since aviation instructors prefer now to teach their pupils over water because there is less chance of serious accident to man and machine in case of a fall."

STREET CAR HITS CHILDREN; THREE ARE FATALLY INJURED

**HEAVY FOG CONCEALS BUS
LOADED WITH YOUNGSTERS
FROM MOTORMAN ON STREET
CAR IN CHICAGO.**

CHICAGO, Dec. 15.—A street car struck a bus loaded with children on the way to the St. James parochial school this morning. Ten of the children were severely injured and three of them will die. The accident was caused by a heavy fog which enveloped the city this forenoon.

Children Burned to Death—
PITTSBURG, Dec. 15.—An incendiary fire today burned the home of Fred Doris, a miner, at Pittsfieldtown. Three children were burned to death and two others badly injured.

ELECTRIC LIGHTS INSTALLED IN EXPRESS OFFICE.

The Southern Express office in the F. E. C. railway depot was connected by wire Thursday, with the Schantz electric light plant and in future will be lighted by electricity. Lights will be located not only within the office but above the entrances on both the east and west sides of the building. This lighting of the express office with electricity will be a great contrast to the railroad depot and offices with their insufficient lighting by oil lamps which only serve to accentuate the darkness on the railroad platform. It is to be hoped that the F. E. C. railway officials will follow the example of the Southern Express company and also install electricity for lighting purposes throughout their buildings and platforms.

DENVER OFFICIAL EJECTED

ASSESSOR AND HIS DEPUTIES ARE THROWN INTO STREET

**STATE MILITIA, ORDERED OUT
BY GOVERNOR, ARRIVE TOO
LATE TO PREVENT THE FORCIB-
LE EJECTION.**

DENVER, Dec. 15.—A pitched battle between the state militia and a hundred armed policemen, plain clothes men and detectives was narrowly averted at the Denver county court house this morning as the result of the forcible ejection from the office of the county assessor, Henry Arnold, on orders from Mayor Speer. Arnold and three of his deputies were thrown in the street.

Senator Hitts, also election commissioner Henchman, Mayor Speer and an acknowledged representative of the Denver skyscraper trust then took possession of the assessor's office.

The governor had ordered out the militia to protect Arnold but the state soldiers arrived too late to prevent the action of the city officers in forcibly ejecting the assessor.

STARTS FIREWORKS AS JOKE; CHRISTMAS SHOPPERS HURT

**AIR IN STORE IN KENTUCKY
FILLED WITH ROCKETS AND
CANDLES WHEN CUSTOMER
STARTS A FIRE.**

SHELBYVILLE, Ky., Dec. 15.—The Christmas fireworks in Campbell's store here were touched off by a jocular customer today. In an instant the air was filled with flying sky rockets and Roman candles and the interior of the store a mass of flames. Two firemen and several Christmas shoppers were severely injured.

MAYOR KILLED BY LIVE WIRE WHILE FIGHTING A BAD FIRE

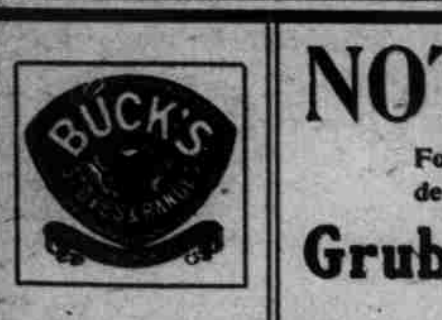

**EXECUTIVE COMES IN CONTACT
WITH HEAVILY CHARGED WIRE
WHILE STANDING ON TIN
ROOF DURING FIRE.**

COAL CREEK, Tenn., Dec. 15.—Mayor Thomas Watts was electrocuted this morning while assisting in fighting a fire at the corner of Creek street and Depot avenue. The executive was standing on a tin roof when he came in contact with a heavily charged wire and was instantly killed. The Edwards undertaking establishment was destroyed by the flames.

PARTY COMES FROM DUPONT AND SPENDS THE DAY HERE

**STOCKHOLDERS OF THE DUPONT
RAILWAY AND LAND COMPANY
MUCH IMPRESSED WITH BEAU-
TIES OF THIS SECTION.**

Daytona has been entertaining today a party of distinguished men, most of them stockholders and officers in the Dupont Railway and Land company, who came here to determine to their own satisfaction whether Daytona is, as advertised, really the prettiest winter resort in the world. The party arrived here Thursday evening and has spent the entire day riding about the city and vicinity and on the beach, closely scrutinizing every place of interest in and about Daytona. Just before taking the train for St. Augustine late this afternoon every member of the party declared the inspection has been entirely satisfactory and they are now firmly convinced this city has a right to advertise itself as the prettiest winter resort in the world.

The members of the party have been spending some time looking over and inspecting the property at Dupont and are highly pleased with the present conditions and the future outlook at that place. The property was purchased some time ago and the company now has 400 acres cleared and under cultivation. It is the intention to clear an additional 1,000 acres at once and work will soon be started on a standard gauge railroad to run from Dupont to a connection with the Atlantic Coast Line railroad. This railroad will give the company good freight and passenger connections in and out.

The party here today included Charles D. Lockridge, farmer and manager of a lecture bureau, and Mrs. Lockridge of Mace, Ind.; Miss Clara Lockridge, sister of Charles D. Lockridge, of Chicago; O. A. Stafford, farmer and dealer in hardwood lumber, Mace, Ind.; Carl Mote, special political correspondent of the Indianapolis Sun; E. S. Booe, banker, and Zeb E. Booe, financier, Viedersburg, Ind.; Geo. T. Brown, banker and farmer, Crawfordville, Ind.; W. C. Ela, postoffice inspector, Indianapolis; Joseph Singer, retired farmer, Crawfordville, Ind.; A. C. Jones, farmer, and Manley Booe, Crawfordville, Ind.; M. T. Church, Scranton, Pa.; Mr. and Mrs. L. G. Williams, Dupont.

TAKEN BY MEXICAN OUTLAWS AFTER HARD FIGHT ON RANCH

**BANDITS ATTACK RANCH OWNED
BY AMERICAN AND BURN
BUILDINGS AFTER HARD FIGHT
IN WHICH 15 DIE.**

MEXICO CITY, Dec. 15.—James Brown, an American, is today being held for ransom by a band of bandits following the sack of the Mira Flores ranch near Chille by 150 outlaws.

The ranch is owned by C. L. Robertson, an American, and the ranch hands put up a hard fight to protect the property. Fifteen were killed in the battle between the ranch hands and outlaws, Brown being taken as a captive.

ATTEMPT TO CAUSE ACCIDENT CHARGE AGAINST BIKE RIDER

**ANOTHER RIDER DEMANDS
THAT HE BE ORDERED FROM
THE TRACK AND BARRED FROM
CONTINUING IN RACE.**

NEW YORK, Dec. 15.—Thrilling sprints marked the early morning progress of the six-days bicycle race being run at Madison Square Garden. Brocco demanded that Moran be ordered from the track, accusing him of attempting to cause an accident to put Moran and George out of the race. Brocco and Moran had a spill earlier. The Galvin-Wiley team became exhausted at midnight and withdrew from the contest.

DAILY STOCKS REPORT.

NEW YORK, Dec. 15.—Stocks were dull and the price changes narrow. Reading advanced one point. Cotton was steady and from one to six higher, with January \$8.81 and May \$9.02.

FAIR GROUNDS STABLES BURNED AT AUGUSTA.

AUGUSTA, Ga., Dec. 15.—The big stables near the fair grounds were destroyed by fire this morning and 12 thoroughbreds, the property of George Burk and Frank Rouse were incinerated. The loss will amount to \$10,000.

MANY FLIES WERE KILLED DURING YEAR

"SWAT THE FLY" CAMPAIGNS HAVE PROVEN SUCCESSFUL

**FLY POPULATION OF THIS
COUNTRY DECREASED MATERI-
ALLY BY EFFORTS OF SCHOOL
CHILDREN AND OTHERS.**

WASHINGTON, Dec. 15.—The "fly nuisance and its abolition" formed the topic of Edward Hatch, Jr., of New York, in his remarks before today's session of the American Civic Association convention.

Mr. Hatch, who is chairman of the fly-fighting committee of the association, presented the report of the committee, and he declared that the past year, since the last annual meeting in Washington, has been preeminently successful.

"When the chairman of this committee, a few years ago, began to acquire with the danger of said Mr. Hatch, 'I cited more humorous serious attention. All changed now, and a good change has been wrought with past twelve months.

"Since the last annual conference on the fly pest, letters have poured in upon the committee from all quarters of the country, asking for advice on the best methods of exterminating the house-fly. The committee caused to be printed and circulated upwards of 200,000 pieces of literature, which served as ammunition in innumerable fly-swapping campaigns. In a number of cities, school children competed for cash prizes for compositions which would best describe the fly's vicious career. In many cities newspapers organized 'swat the fly' contests for considerable cash prizes. The numbers scored by the winners ran into the hundreds of thousands, and the count, (so many flies to the quart) in Baltimore alone reached 15,000,000. Washington boys and girls caught and killed only 6,386,600, but Washington can't boast of a really bumper crop of flies. The moving picture men have been among our best allies, for nearly all of them have shown the 'Fly Pest' film.

"With a view to summing up the season's work—taking a fly census as it were—the committee recently wrote to the health commissioners of the different states. From the replies, it appears Kansas is in the van of the fly-fighting army. The Indiana board of health distributed the text of the anti-fly ordinance and twelve cities and fourteen towns adopted it. Dakota reported a marked decrease in the fly population. Much ingenuity has been shown by some of the state boards in designing anti-fly posters."

In summing up, Mr. Hatch said: "The committee is well pleased with the results secured, but it realizes the fact that the war against the fly is to be a long one—not to be victoriously closed in one sensational campaign. 'Swat the fly' campaigns help, but what we need most is to arouse such a consciousness of our duty to ourselves and to others, that we will first swat our own flies by depriving them of breeding and feeding places, and compel our neighbors to do likewise."

PROSECUTOR IN CASE OF ETHEL CONRAD AND LILLIAN GRAHAM FINISHES HIS ADDRESS THIS FORENOON.

NEW YORK, Dec. 15.—Prosecutor Buckner finished his address to the jury in the case of Lillian Graham and Ethel Conrad charged with shooting Milhonnine Stokes, this forenoon and this afternoon the judge charged the jury. The case is now in the hands of the jury.

CROCHETS PAIR OF SLIPPERS AT NINETY-FOUR YEARS OLD.

Mrs. Mary Houghton, mother of Dr. F. H. Houghton, of this city, is 94 years of age, yet is much better preserved than many women of fewer years. She recently wrote a four-page letter to Mrs. Houghton, from Williamstown, Mass., and stated that she was sending her a pair of slippers which she had crocheted for her for Christmas.

The Miller-Rabin primality test is based on the fact that if n is a prime, then $a^{n-1} \equiv 1 \pmod{n}$ for all a coprime to n . The test involves choosing a random a and checking if $a^{n-1} \equiv 1 \pmod{n}$. If not, n is composite. If yes, n is probably prime. The test is probabilistic, meaning it can never prove a number is composite, but it can prove a number is prime with high probability.

vista on the New Smyrna drive that
cannot be excelled as a work of art.
The giant live oaks, with their fes-
tooms of gray moss, overhanging the
roadway that stretches away into the
far distance form a picture of al-
luring beauty and the coloring and
perspective are so natural that when
gazing upon it one feels transported
to the scene itself and it is easy to
believe that he is actually advancing
along the roadway in the actu-
shadow of this delightful bit of
virgin forest. The picture bears the
title "Pride of Florida."
HANDSOME POWER BOAT
LOUNGER II SOUTHBOUND.
The handsome power boat, Loung-
er II, of New York, which was
aground on the shoal opposite Holly
Hill last Sunday and continued her
cruise southward the following day,
is the property of James B. Ham-
mond of New York. She was as-
sisted from the mud flat by McCoy
brothers and their pilot, Lew Bar-
ber, accompanied her as pilot to
Miami.
Mr. Hammond, who is the well
known typewriter manufacturer, is
aboard the yacht and is accompanied
by his private secretary, Mr. Mc-
Kenna. The owner of this palatial
craft is in search of health and will
cruise in southern waters during the
winter months. He has been a regu-
lar winter visitor to Florida for the
past 30 years.
The Lounger II is in command of
Capt. Lato. She is 100 feet in length
and is equipped with every modern
convenience, including wireless, and
has a large aquarium on board from
which the owner is supplied with
fresh fish at any time. The aquarium
is kept constantly filled with ocean
water by means of an electrical pump.
The Lounger II will probably extend
her cruise into South American wa-
ters.

"EIGHTS" ARE THEIR HOODOOS
Postal Clerks Say Stamps of That
Denomination Cause Them
Much Financial Loss.
When a meek little man stepped
up to the stamp window in a branch
office and asked for an eight cent
stamp he caused as much consterna-
tion as if he had demanded "your
money or your life."
All the clerks came to the window
to take a look at him. They muttered
to one another and made strange and
fantastic signs, crossed their fingers,
knocked on wood and did various oth-
er things that are supposed to drive
away evil spirits.
"We're just out of eight cent
stamps," a clerk finally stammered.
"Got lots of two and ones."
"Well, gimme a five and a three,"
said the meek little man, upon receiv-
ing which he paid for them and de-
parted.
"What's the matter with the
eights?" queried an inquisitive specta-
tor.
The stamp clerk was still too nerv-
ous to answer, but one of the others
said, with a smile:
"Eights are hoodoos. None of the
small offices handle them if they can
help it. It's this way: They are just
a wee shade different in color from
the ones and it is no infrequent thing
for a stamp clerk in a hurry to hand
out a lot of eights when ones are
asked and paid for. It always costs
him seven cents a stamp when he
does it. The clerk here the other
day, during the rush hour, when the
offices are closing, was called upon for
a dollar's worth of ones. He handed
out a hundred eights instead. Cost
him seven dollars. Then he got rid
of all the rest of the eights and now
he won't have anything to do with
eights. Even says 'eaten' instead of
'ate.'"
